

Tips for Registering & Creating Your Goose Chase User Name

1. Download the Goose Chase app on your mobile device or iPad. Goose Chase is available in both Google Play and the Apple App Store.
2. Use your Tyrone Area School district login credentials to create your user profile. If you participate in future Goose Chase challenges at school, you will be able to use the same profile.
3. Each student participant should register their own account. If there are multiple members of one family playing, each student should register their own account. Some of the summer challenges are grade specific.
4. Please use your first name, last name and next years grade level in your user name. (So we can find the winners!)

Examples: John_Eagle_K
