	<u>Initials</u>	
		The student and parent understand that this as an <i>optional</i> program. By electing to participate, you are
	-	agreeing to the additional responsibilities outlined in this agreement. At all times while using their device, the student and parent/guardian agree to adhere to the District's
		Acceptable Use Policy (Policy 815).
		Internet access on the device is filtered and monitored both on and off campus. The student may be
		disciplined for inappropriate use of the Internet whether it occurs on or off campus.
_		These devices are being provided for the student's educational use. As such, the student is required to
		bring them to school every day and with a full charge. Failure to do so may be considered unpreparedness for class.
		The device is the property of the district and not the student. The student will not attempt to physically
		alter the device, load unauthorized software, bypass Internet filters, alter the operating system, or perform any other alterations to the device or software without authorization.
		Any damage/theft/loss shall be reported immediately to the district. The district will make a
		determination of the repair/replacement costs and preform the necessary work. No self-
		repair/replacement will be accepted. A loaner unit will be made available to the student while repairs are made.
		Charges for damage/theft/loss, whether accidental or through negligence, shall be determined by the
		district. Repair costs up to the full replacement value of the device shall be the responsibility of the
		student and parent/guardian. Information on device insurance is available from the district.
		Repeated damage or loss of the device will be considered negligence and the student may be removed from the program.
		The device remains the property of the school district until the student has completed graduation
		requirements. Upon successful completion of all graduation requirements, the district may grant the
		device to the student at its discretion.
		This program is extended to full-time students enrolled in eligible programs/grade levels. Students who withdraw or otherwise become ineligible must return their device within 3 business days to the district.
		Participation in this program is a privilege, not a right. Take-home rights may be removed from a
		student that does not adhere to the rules described in this agreement or as a result of other disciplinary
		or academic infractions.
		Students will be required to turn their device in at the end of the school year for refurbishment over the summer. The same device will be returned to the student upon their return in the fall.
	-	If at any time the district requests the device be returned, the device must be returned within 3 business
		days. Failure to return the device will result in the parent/guardian being charged the full replacement cost of the device.
