

Summer Camp 2021 Information

Schedule: June 7th-August 6th 6am-6pm

Ages: Pre-K (3 by September 1, 2020) – 6th Grade, space is limited

Weekly activities: theme activities, art, sports, computer, reading, hikes, and games.

***Families must complete a summer calendar identifying the days their child/children will attend.**

***Tuition is based on sign ups and you will be charged regardless of whether your child attends. Once your schedule is complete, you'll only be able to cancel up to 5 days.**

***At this time, fieldtrips are not scheduled. Some fieldtrips and/or special guests on campus may be added to the schedule. The schedule is subject to change due to unforeseen circumstances.**

***Preschool (3 by September 1, 2020) to 6th grade daily rate \$29.00.**

Contact Amanda Kurtz, Assistant Principal, for additional information about summer camp, 684-1342 ext. 2225

It is the policy of the Tyrone Area School District not to discriminate based on sex, handicap, race and national origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 504, and Title VI. Please direct questions about this policy to the Superintendent of Schools, at 814.684.0710 Ext. 4123.

Week	Theme Overview
June 7-11	<p>Inventions Fun Fact: The microwave was invented after a researcher walked by a radar tube and a chocolate bar melted in his pocket.</p>
June 14-18	<p>Botany Fun Fact: Do you know that an average strawberry has about 200 seeds? It is the only fruit that bears its seeds on the outside.</p>
June 21-25	<p>Kinesiology Fun Fact: This is a science of human movement, involving the study of biology, exercise and athletics.</p>
June 28- July 2	<p>Astronomy Fun Fact: If you stepped on the moon your footprints would last forever.</p>
July 5-9	<p>Zoology Quick Facts: An octopus has 3 hearts, squirrels are not capable of burping, a honeybee can flap its wings 200 times per second, and polar bears have black skin.</p>

Week	Theme Overview
July 12-16	<p>Chemistry Fun Fact: Glass is actually a liquid, it just flows very, very slowly.</p>
July 19-23	<p>Geology Fun Fact: Antarctica is the coldest place on the earth. Winter temperature can drop below -192.2 Fahrenheit.</p>
July 26-30	<p>Electricity Fun Fact: Benjamin Franklin didn't discover electricity, but he did prove that lightning is a form of electrical energy.</p>
August 2-6	<p>Oceanography Fun Fact: Water released from hydrothermal vents in the seafloor reach 750 degrees Fahrenheit. The pressure that would crush you like an ant keeps the water from boiling.</p>
